

**'PENTAGON PAPERS'
IN SECOND PRINTING**

"The Pentagon Papers," the paperback published by Bantam Books in association with The New York Times, has gone into a second printing, a day after the first copies were shipped out on Thursday.

The volume, which contains the articles and documents from a secret study of the Vietnam war as published by The Times, had a first printing of 500,000 copies. Washington received a shipment of 12,000 copies, half of which were sold in capital bookstores within an hour and a half. About 500 were sold in the Pentagon's bookshop. One dealer there has ordered 27,000 more and another 5,000.

Bantam also reported orders for 15,000 from West Germany. The second printing will add 50,000 copies to these originally issued.
